Subject: Order for Compliance – Docket No. V-W-04-AO-17

Dear Ms. Burdett:

This letter is being submitted to request an extension of the deadlines set forth by the Compliance Order. Due to poor weather conditions, it has been difficult for many drainage issues to be qualified for the Storm Water Pollution Prevention Plan as well as the Silage Pad Containment storage structure. These issues have been further complicated by the necessary trip of the Niessen family to the Netherlands to renew their work Visa's. This makes Mr. Niessen, statutory agent for Milco Dairy, unavailable to verify and sign any such plans. We would like to request a 30 day time extension from today's date to complete both the SWPP and Silage Storage Plan. This would extend the deadline to February 25, 2005. We appreciate your consideration in this issue. Please direct any questions or correspondence to my office temporarily.

Best Regards,

Julie French
